

EARLY CHILDHOOD EDUCATION/ CHILD DEVELOPMENT

Certificate of Completion - Family Development

Certificate of Proficiency - Early Childhood Education/Child Development

Associate in Science - Early Childhood Education /Child Development Transfer Program

The Early Childhood Education/Child Development Program is designed to meet individual career goals, foster positive parenting skills, and increase individuals' general understanding and appreciation of childhood. Children's growth, developmentally appropriate practice, and professional development within the child care field are major aspects of the program. The child from birth to ten years is the primary focus. Current research and practical applications are combined in order to assist students in planning their most effective role with children.

Any student in the ECE/CD Program may complete the certificate program in one year if a minimum of 12 units is taken each semester. Students coming from other colleges and universities may have equivalencies established if "child" is in the title of the course and no "Elementary Education" designation exists. All courses that apply toward the certificate program must be lower division work. A minimum of 12 units must be taken at Cañada College to receive the Cañada College ECE certificate.

CERTIFICATE OF COMPLETION - FAMILY DEVELOPMENT

Core and Selective Requirements

Complete Core Courses, 6 units

	UNITS
HMSV 262 or ECE. 262 Introduction to Family Support: Building Respectful Partnerships	3

AREAS OF SPECIALIZATION WITHIN THE ECE/CD PROGRAM

In accordance with the guidelines established by the Child Development Permit for the Master Teacher, Cañada College's ECE/CD Program has created several "specializations." ("Administration" is not considered a specialization.) Six semester units in specific areas define a specialization. These focus areas can be useful to students when seeking work advancement or career development options.

Infant/Toddler Care

ECE. 223 Infant Development	3
ECE. 225 Infant/Toddler Environments	3

Preschool Programming: SAFE START

ECE. 250 Violence & Its Impact on Children & Their Families	3

TRANSFER PROGRAM - CHILD DEVELOPMENT

Cañada College offers lower division coursework required for transfer in areas related to Child Development and for students seeking teaching positions in a preschool, elementary, or secondary educational environment. In this regard, it is suggested that students research Child Development, Psychology, and Liberal Studies majors. Students should use PROJECT ASSIST (www.assist.org) to research lower division major requirements at the transfer destination(s) of their choice. Also, work with a Counselor/Advisor to determine appropriate transfer coursework.

CHILD DEVELOPMENT PERMIT

Cañada College's ECE/CD Certificate Program is aligned with the Child Development Permit regulations. The Permit has been approved by the California Department of Education and the Commission on Teacher Credentialing for child care and development centers operating under Title 5 (publicly subsidized).

The Child Development Permit emphasizes professional development and will eventually impact the entire Early Childhood Education field. The career lattice approach acknowledges the importance of many entry points into the profession. The Child Development Permit has taken the place of the Emergency Children's Center Instructional Permit, the Children's Center Supervision Permit, and the Life Children's Center Supervision Permit.

+ meet Certificate Program requirements listed on page 41.

*and required General Education coursework and electives as needed to meet the minimum 60 units required for the Associate degree.

ENGINEERING

Associate in Science Transfer Program

(Civil, Mechanical, Chemical, Electrical, Environmental, Materials, and Other Principal Branches)

Engineering is one of the largest professions in the United States with over one million jobs in fields ranging from airplane design to pollution control. The four largest branches of engineering are electrical, mechanical, civil and computer engineering. All branches of engineering place a heavy emphasis on problem solving. Engineering education focuses on teaching scientific and engineering concepts and their application to the creative and effective solution of problems.

Career opportunities for practicing engineers include positions in aerospace, agricultural, architectural, biomedical, chemical, civil, computer, electrical, environmental, industrial, materials, mechanical, and nuclear fields. Most engineers work for manufacturing industries, while a smaller percentage work for federal, state and local government agencies, or as private consultants.

FASHION DESIGN

Certificate of Proficiency - Technical (Apparel Industry Oriented)

Certificate of Proficiency - Custom Dressmaking/Small Business Oriented

Certificate of Proficiency - Theater Costuming

Associate in Science - Technical (Apparel Industry Oriented)

Associate in Science - Custom Dressmaking/Small Business Oriented

Associate in Science - Theater Costuming

Transfer Program

The Fashion Design Department gives students a thorough introduction to apparel design and manufacturing. Students are prepared to find employment in an apparel design firm or to start their own business. They will develop essential skills and techniques in sketching, fabric selection, sewing, draping, and pattern making. Business skills are learned through an entrepreneurship course, and students learn to write a business plan. The fashion industry is vast and diverse with many creative, rewarding opportunities in ready-to-wear or high fashion design. An AS degree and certificate program are offered.

CERTIFICATE OF PROFICIENCY - THEATER COSTUMING

The Theater Costuming Program provides students with an introduction to the costuming industry, including the many types of jobs available in this field, from designing to costume construction and show production. Students learn historic and theatrical styles, pattern making skills, tailoring and construction skills as well as design and illustration techniques to prepare them for a job in costuming. Students have the opportunity to work on actual productions through class work or internships.

The theater provides many interesting part-time, free-lance and full-time jobs in costuming, including design, patternmaking, construction, dressing a production, managing a costume shop and costume rentals. Graduates of this program will be prepared to begin a career as costume technicians in any number of areas, as well as to continue their education in costume design at a four-year university.

GEOGRAPHY

Associate in Arts

Transfer Program Available

Geography provides insights about the earth as the human habitat. It is a way of looking at the earth, not an inventory of its contents. This viewpoint rests on fundamental interlocking concepts. The cultural appraisal of the earth, the regional concept, areal coherence, human ecology, spatial interaction, study of landscape, and the concept of change are all ways the geographer tries to better understand the environment.

HISTORY

Associate in Arts

Transfer Program Available

The History Department at Cañada College offers a broad variety of courses intended to prepare students for transfer and for global citizenship. In history classes, students deepen their knowledge of the past while improving their reading, writing and research skills. Our courses meet many general education requirements in addition to providing the classes necessary for History majors.

History majors commonly become lawyers, teachers, professors, museum professionals, journalists, and archeologists. History provides a solid foundation for those wishing to work in business, politics and public policy. History is also an excellent major for anyone hoping to get a teaching credential in the Social Sciences.

INTERIOR DESIGN

Certificate of Completion - Green/Sustainable Design

Certificate of Proficiency - Interior Design

Certificate of Proficiency- Residential and Commercial Design

Certificate of Proficiency - Kitchen and Bath (endorsed by NKBA, National Kitchen & Bath Association)

Associate in Science - Interior Design

Transfer Program

The Interior Design Department offers courses designed for individuals interested in preparing for careers in the professional fields of interior design. Included in the program are a transfer program, an AS degree, and four certificate programs. The Kitchen & Bath Certificate is endorsed by the NKBA, National Kitchen & Bath Association. The AS degree in conjunction with the residential and commercial design or kitchen and bath certificate meets the minimum qualifying requirements for the American Society of Interior Designers (ASID) allied membership. Completion of the Kitchen & Bath Certificate prepares students for the AKBD (Associate Kitchen & Bath Design) exam and the CKD (Certified Kitchen Designer) and CBD (Certified Bath Designer). Interior Design students are required to complete the core requirements in Interior Design before taking the residential, commercial design and kitchen and bath certificate requirements. If a student has an earned Bachelor's degree, he/she must see a counselor regarding courses completed during the first two years of college that may be substituted for core requirement courses.

CERTIFICATE OF COMPLETION - GREEN/SUSTAINABLE DESIGN

The Green/Sustainable Design Certificate of Completion is designed for interested design students and professionals currently working in the industry (interior design, architecture, construction), to enhance their knowledge and skills. It prepares them for jobs with architectural and design firms, remodeling and construction companies, as well as numerous trade and retail positions, where expertise in this area is becoming an important and necessary job qualification.
